DISTRICT NEWS

ANDROSSAN.

Bulletin News Service.

The Androssan Progressive Association has been formed and the following officers elected: President, W. S. Briggs; vice president, Herbert Edmond; secretary, treasurer, T. C. Hamilton. The purpose of the organization is the furtherance of the commercial interests of Androssan and vicinity. The next meeting will be held on the third Monday in November.

The Ladies' Aid Society of the Presbyterian church met at the manse on Friday. They are planning for a bazaar to be held December 31.

Win. Atkinson has completed the printing of the speeches to the headmaster platform.

Mrs. Clapp and Mr. and Mrs. Thos. Vance entertained quite a party of Edgemoor young people on Thanksgiving.

Mr. and Mrs. W. S. Briggs spent Thanksgiving with friends in Lethbridge. V. S. Foster, Androssan's salesman, has resumed his labors in the store after spending his summer holidays with Mr. Parker, on the farm.

Services in the gospel tent were conducted on Sunday evening by Rev. Johnston, of Clover Bar.

Rev. T. and Mrs. Hamilton presided at the meetings of the Presbyterial and Presbyterial, held in the Wesleyan church, in Edgemoor, last week.

A number of Androssan young people attended the Thanksgiving supper and entertainment given in Clover Bar school house, and reported very satisfactory evening.

From time to time the following are sent to and ship their own goods to the store, which will be an experiment.

Success in the future will be a great help to the store.

Following are the names of the Androssan school farmers report a satisfactory yield of grain of good quality.

VIKING.

Daniel T. Greene, secretary-treasurer for L.I.D. 24, H. 4, writes the Bulletin as follows with reference to taxes.

I am writing a few items which I think will be of interest to the taxpayers of L.I.D. 24, H. 4, and which I trust you will be pleased to consider of sufficient importance to give them space in your valuable paper.

There seems to be some misunderstanding regarding the \$1.00 each tax assessed this year. Now, this was levied for the purpose of buying strychnine, as a good many suppose, but I obtain money for culvert material. This money has come in so slowly that very little has been made on culverts this year, but I trust to see some metal culverts installed next season. Supposing,

however, that this \$1.00 had been levied for the purpose of buying strychnine, and the district bought for less than \$1.00 per ounce, would not the taxpayers prefer having the difference go into the district treasury to paying it for strychnine? I believe the price for strychnine was \$1.00 per ounce, and on the C.P.R. the people paid as high as \$2.00. I hope this will satisfy some of the wise ones, who can do better at kicking than anything else.

Then again, if every person did his taxes in work each year, how would the district buy strychnine and culvert material? To say nothing of running a district.

Only the Hudson's Bay Company and a few others to pay their tax in kind. The C.P.R. especially is too poor to pay any taxes. I would like to see something about that.

But few people seem to be aware, and that is that the whole local improvement district tax is supposed according to the Local Improvement District Act passed in the Legislature of Alberta to be paid entirely in cash. Doubtless this would be more acceptable to those who now think the councillors are "robbing it in."

At the last meeting of the council, held on the 15th inst., I was instructed to notify all taxpayers that unless this \$1.00 cash tax was paid at once there would be no receipts given for road work and the taxes would be returned as "unpaid."

Now this is a small matter to most of us, although money is scarce, but if you all had the slightest conception of the amount of work done, or the different operations and transactions in book-keeping involved, I think you would all remit this as soon as possible, and then not expect the secretary to get a receipt out of the next mail. These receipts are by no means in duplicate, after the road work has been done, and by the council and vouchers signed.

Some of the councillors have been sheet and in cash money.

THE BLACK HAN IN CANADA.

Should Be Put Down When It Shows Its Head, Says Judge Snyder.

Hanksville, Oct. 27.—(C. O. P. A.)

Colorado, and Mr. Wells, the

big letter to S. Samson, were shown to the public.

The judge said that the black hand should not stand for Black Canada any more and that the practice of writing threatening letters should be put down wherever it showed its head.

T. C. Robinson, K.C., acted for the crown. The principal evidence for the crown was supplied by J. Courtois, who was supplied by the prisoners' defense was that Courtois had hatched the scheme and coerced them to hold up Samson.

Portugal on Verge of Bankruptcy.

Lisbon, via Budapest, Oct. 27.—The minister of finance today called the attention of the cabinet to the financial condition of Portugal and a secret chamber session of the ministry is considering the situation. With the country already on the verge of bankruptcy the present session of parliament has resulted in the outlining of a financial program that will leave it, under the most favorable calculations, \$7,500,000 further in debt at the end of the present fiscal year.

AMERICAN IMMIGRANTS NEVER RETURN TO U.S.

Chas. M. Hays, interviewed in Chicago—Declares O.T.P. Ours New Field for Britain and American Manufacturers as Well as Canada.

Chicago, Oct. 27.—Charles Melville Hays, general manager of the O.T.P., came to Chicago today and gave a "24 hours" of his opinions on the "O.T.P." and other things.

He said that the new president of the O.T.P. is a Canadian and that he thinks that Americans who go to Canada think they will come back some day, but they really never will.

It does not matter much when you live in United States, Canada, China; it is all the same. Some men are born to be farmers and others are born to be industrialists. That Americans who go to Canada make fine citizens and that you never hear any mention Chicago up Winnipeg.

Ours New Country.

"What significance do you see in the opening of a great tract of farming country in the Canadian north-west?"

"Why, it opens a great new land for agriculture. Nearly all the district bordering our new road from Winnipeg to Prince Rupert is undulating plain. It is to some extent grazing land, but principally it is sown with wheat. Hundreds of people are pouring into this country every year. It is being settled rapidly. A great many Americans are among the immigrants."

Now are you perfectly sure that all these things you have said are taken as coming directly from Mr. Hays? The reporter finally inquired:

"Yes, absolutely, that is, if you print it as I have said it."

Maura Now a Political Outcast.

Madrid, Oct. 27.—The government source today permitted the Herald

to intimate that Senor Maura, former premier, was mentally unbalanced and to urge that he be restrained and subjected to a medical examination.

The Herald's editorial is the result of Maura's violent speech in the cortes yesterday, in which he declared that all the so-called Liberals were anarchists, all opposed to the policy of the government, and that Spain was going inevitably to her ruin.

The action of the government in permitting the newspaper attack on Maura indicates that the former premier was so far from the ranks of political outcasts.
